How we work.

We are truly a totally Independent Estate Agent that actually works for `YOU` the buyer not the seller so yes we do negotiate on your behalf.

The beauty of how we work is that we know all the Agents and have access to insider knowledge that you as a client would not have, for example how long the property has been on the market and more importantly from your point of view what the lowest price the vendors would accept, something the selling Agent would not tell you.

How do we get paid?

Quite simply this is a `FREE` service for `YOU`, we get paid by the selling Agent directly who has already agreed a selling fee with the vendor which we split 50/50 between us, it's that simple, different, but it works for us and our happy clients.

Hope this makes things clear for you.

So when you look at our website www.independentestateagent.com you will see other Agents for sale signs on some of the properties as well as ours, these are our trusted partners.
