The main property is well presented throughout with a good sized fitted kitchen with tiled floors and worktops and a separate utility room. The lounge / diner has a lovely wooden beamed ceiling with patio doors leading out onto a terrace with wonderful views with a further unique feature being the Winter Garden. It also benefits from having solar panels and a water deposit. Outside there is a garage with space for one vehicle. The guest casita sits in the grounds of the property and has 2 bedrooms, one double, one single and separate kitchen, living and dining rooms. A great option for guests be they family or friends or a potential separate rental property. The casita has its own private access and ample off road parking. The large garden is well maintained and planted with typical Mediterranean planting as well as Almond and Olive trees.
