These fantastic new villas are being built in Torre De La Horadada, 600 metres from the beaches of the Mar Menor. They have 3 bedrooms and 2 bathrooms and will come with their own private pool. The properties will be on plots from 156m<sup>2</sup> and a build size from 106m<sup>2</sup> with a private solarium of 53m<sup>2</sup>.

The images we are using at the moment are for the semi detached villas they are building in the area and will be identical to these but detached. We will be using a semi detached model as a showhouse until the first villa is constructed. Completion time for these villas will be September 2019.
