New construction townhouses 500 m from the beach in Torrevieja

New warm and welcoming project as well as modern and sophisticated, designed with carefully selected materials to guarantee low maintenance, respectful of the environment and in compliance at all times with the Technical Construction Code.

The urbanization is made up of 19 three-story duplexes with 2,3 and 4 bedrooms, with spacious terraces and a private solarium, where you can relax and enjoy its wonderful views.

Large common areas with native and aromatic plants decorate the complex and make it a pleasant and harmonious space with the privacy you desire. With an Infinity pool for adults and another for the little ones, as well as shaded rest areas with fabulous candles, a wooden pergola and an equipment area to exercise outdoors.

A pleasant and harmonious residential complex to enjoy all year round, a home to live and share.
